

Royale Vertical Sliders

Aluminium Sash Windows

Stylish & Authentic **Royale Sash** Windows

Our Royale Sash Window incorporates the traditional styling of wooden box sash windows with the advantages of a thermally broken aluminium profile. A stylish, low maintenance and authentic sash window that is suitable for use in heritage and conservation areas, or where Georgian and Victorian architecture is predominate. The ease of operation and excellent natural ventilation means that these Vertical Sliders are also suitable for use in high occupancy buildings.

The Royale Sash Window comes with authentic hardware and features a 'tilt in' operation, which facilitates the cleaning of the external glass. It comes with sash horns and you can choose between a range of authentic glazing and deep bottom rail options, in order to retain the character of your property.

Key Features

- Traditional styling with authentic 45° putty-line sash detail.
- Utilises the natural strength of aluminium to create slim thermally broken profiles.
- Uses low maintenance, hard wearing powder coated aluminium.
- Available in an extensive range of over 200 single colours.
- Range of authentic hardware in a variety of colours.
- Both sashes can tilt in - allowing for easy access to external glass for cleaning.
- Available with A-shaped astragal bars for added authenticity.
- Slim or deep bottom rails available.
- Decorative horns as standard for a more traditional look.
- Can be fitted into existing or new timber frames or direct to brick.
- Suitable for use in replacement and refurbishment projects, as well as new build.
- Optional colour matched aluminium quad trim.
- Optional tilt restrictors available.
