DOOR STYLES

Entrance Doors

At West Port, we offer a comprehensive range of stylish, robust entrance doors that can be tailored to any project or property. Manufactured from a 44mm insulated core laminate ply that incorporates two sheets of aluminium, they offer outstanding weather and security protection. The doors' construction reduces the risk of bowing or twisting, ensuring many years of trouble-free operation.

Contemporary Doors

Our range of door styles can be tailored to suit your requirements. With various ironmongery options available you can create your own unique modern entrance door.

Ironmongery

We're able to provide products with high-security locks and door furniture to meet even the most exacting specifications. With an extensive choice of traditional and contemporary hardware options, we can make a West Port door suitable for virtually any style of project or property and can offer Secured by Design approved locks, including a multi-point lock that allows for instant escape in emergencies.

Secured by Design

Police Preferred Specification

We have a fully automated paint line for volume production and a manual paint facility for smaller orders or bespoke projects.

Your Choice Of Finish

We have our own highly advanced paint mixing facility. By taking samples of a desired colour, then running it through a spectrometer, the device can replicate it. We can supply windows and doors in any of the over 200 standard RAL colours, and our paint mixing facility can produce 50,000 colour variations, we also offer a wide range of translucent coatings that bring out the natural beauty of the wood.

We can even supply factory finished dual colour windows and doors, in two different colours, one on the outside and another – or natural timber – on the inside.

More stains are available upon request.

The colour samples shown are for illustrative purposes only and may differ from the original colour. For best results always use an approved colour swatch for accuracy.
